RE: Video Service Update

Dear Mr. Cameron:

On behalf of Cox Communications and our 2400 employees in Virginia, we have some news to share.

We are pleased to inform you that on or after August 19, 2015, we will be upgrading our channel lineup for subscribers in Fredericksburg. We will be creating a unified lineup which will allow all our subscribers in the market to view the PEG channels for Fredericksburg, Stafford and Spotsylvania Counties regardless of which locality they live in.

In order to make this improvement, we will need to shift the remaining two analog PEG channels, 18 and 25, to digital-only and assign new unique channel numbers to all three PEG channels for each locality. This will allow us to group the channels together for easier navigation by subscribers and it will also open up the option for each locality to set up their own detailed guide listings for their PEG channels by contracting with a third party guide data vendor used by Cox.

Cox will be migrating the following PEG channel positions as follows:

Channel Name	Current Channel Number	New Channel Number
Fredericksburg Education Access	18	83
Fredericksburg Government Access	24	84
Fredericksburg Public Access	25	85
Spotsylvania Education Access	18	86
Spotsylvania Government Access	24	87
Spotsylvania Public Access	25	88
Stafford Education Access	18	89
Stafford Government Access	24	90
Stafford Public Access	25	91

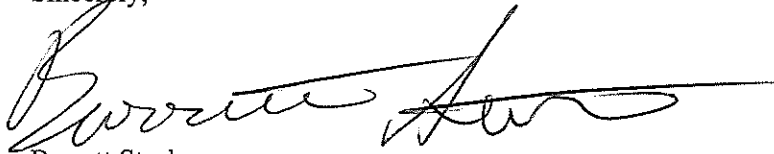

To view these channels, customers will need a digital receiver, CableCARD or ClearQAM tuner. Customers who wish to view these channels and do not have the appropriate equipment will be offered a free digital box on up to two outlets at no charge for 12 months. The free digital box offer will be available now through February 20, 2016. This will give customers at least 30 days to take advantage of the offer prior to the change, and six months to take advantage of the offer following the change.

RECEIVED JUN 30 2015

Customers will be notified about the channel changes and the box offer via bill message at least 30 days in advance of the changes. To further inform customers prior to the changes, we will be running message crawls on the PEG channels once each hour for the two weeks leading up to the migration. Following the migration, a slate with static information regarding the changes will also be posted for two weeks on the original channels.

We thank you for your partnership, and if you have any questions, please do not hesitate to contact me directly at 757-369-4632, or Kathryn Falk, our Vice President of Public and Government Affairs, at 703-480-5248.

Sincerely,

A handwritten signature in black ink, appearing to read "Barrett Stork", with a long horizontal flourish extending to the right.

Barrett Stork
Director, Government Affairs
